

Just when you think TamPogo can't get any better IT DOES. Once again TamPogo has created a MASTERPIECE – **TAMPOGO TANGO!**

This innovative compensation model known as the 2x2 follow-me matrix is one of the BEST mathematical models available to IMMEDIATELY reward a person's networking efforts. It is the simplest, most duplicatable and one of the most profitable compensation models in the industry.

When backed by real products that can inspire an entire marketplace and a powerful residual income unilevel compensation plan such as TamPogo, well, it's history in the making.

Here's how it works. YOU make a **ONE-TIME OUT OF POCKET** purchase of one of the many Tango Product Packages for \$299 and receive a position in your sponsors Tango Bonus Cube. When you have 6 sales in your Bonus Cube you will receive a commission of \$899. \$600 will be paid in CASH and you will receive another \$299 Tango Product Package.

YOU ARE AT THE TOP OF YOUR BONUS CUBE

Your Name			
1		2	
3	4	5	6

YOU introduce TWO friends who make a purchase and they are placed in Positions 1 & 2. Your two friends then introduce TWO friends that make a purchase and those FOUR people are placed in positions 3, 4, 5 and 6.

When your Tango Bonus Cube is filled **YOU earn \$899**

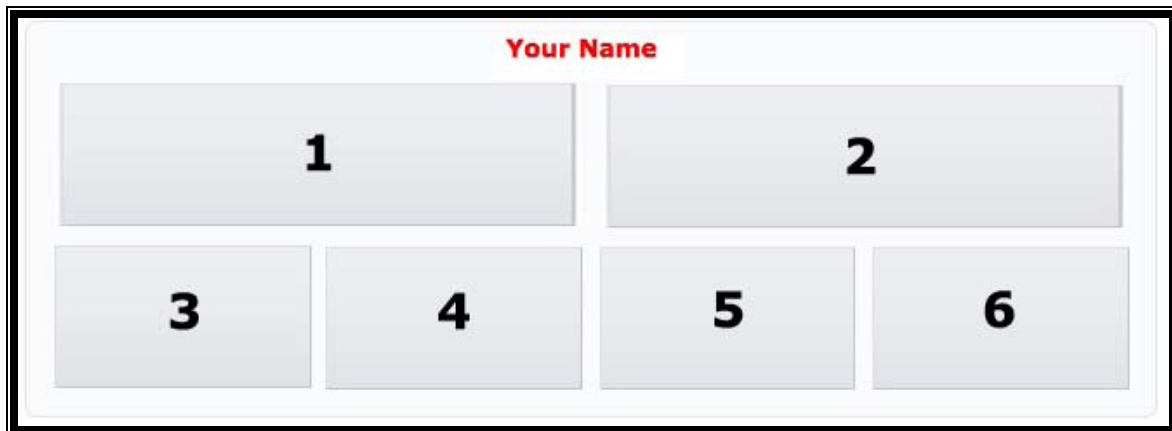

Here's where the MAGIC begins. \$600 is paid in **CASH** and you receive another TANGO PRODUCT PACKAGE of your choice worth \$350-\$400 of your choice at no charge, except shipping. How amazing is that?

You then follow your sponsor and are then placed at the TOP of your second Tango Bonus Cube and the process starts all over again.

AUTOMATIC RE-ENTRY

Every time 6 sales take place in your Bonus Cube a Tango package is purchased for you automatically and you follow your sponsor into their current Bonus Cube. YOU earn \$899 and will automatically get assigned a brand new Tango Bonus Cube

Your Second Tango Bonus Cube

The \$299 expense for all product packages after your first initial purchase is automatically deducted from your TOTAL commission

Here is the breakdown to clarify:

\$899 Total Commissions when your Tango Bonus Cube is filled.

\$600 Paid In Cash

\$299 Purchases another Tango Product Package

Tom and Eric each purchased a \$299 Tango Product Package from YOUR website. Therefore they are your Personally Enrolled iReps (Blue Squares).

Mike and Barb each purchased their \$299 Tango Product Package from the website of Tom. Therefore they are Personally Enrolled iReps of Tom (Yellow Squares).

Jennifer and Ed each purchased their \$299 Tango Product Package from the website of Eric. Therefore they are Personally Enrolled iReps of Eric (Yellow Squares).

You will receive your \$899 commission when your six positions either purchased the Product Package from YOU OR ANOTHER iRep in your Bonus Cube.

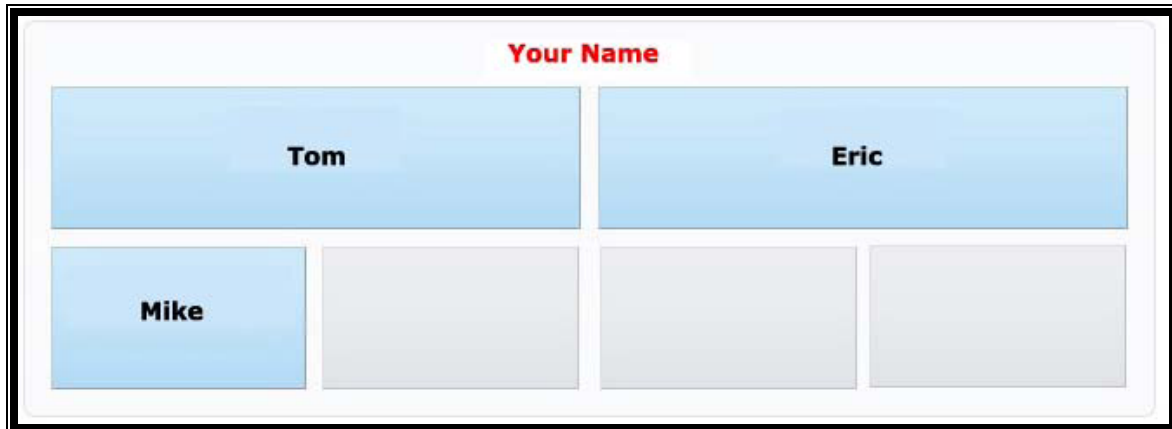

All that matters are that you have 6 sales and that all 6 positions are FILLED and that each has purchased a \$299 Tango Product Package for you to receive your \$899 Commission.

FOLLOW YOU

Every time one of your personally enrolled iReps fills their Bonus Cube and earns \$899 this iRep will "Follow You" into the next available position in your current Bonus Cube.

In other words, ALL of your personally enrolled iReps have the ability to "Follow You" into the next available position of your current Bonus Cube at any time. This accelerates the rate at which you can earn commissions. The more personally enrolled iReps you have the faster you will cycle.

You're New Second Tango Bonus Cube Is Now Starting to Fill from Your personally enrolled iReps following you from your First Bonus Cube.

The people YOU introduce and the people THEY introduce FOLLOW YOU into your current Bonus Cube when they each have SIX sales and have earned an \$899 commission. This process of filling your Bonus Cube with six sales is what is called a **COMMISSION CYCLE, which pays \$899 (\$600 Cash + \$299 Tango Product Package).**

A Commission Cycle can take place every week, every day, every hour or multiple times every hour as you introduce more people and they do the same. **There is NO LIMIT to the amount of MONEY or PRODUCT you can earn.**

Each time SIX sales happen in your Tango Bonus Cube you are PAID \$600 in CASH and you are able to choose another product package.

RESIDUAL INCOME

Each time a Tango Bonus Cube fills \$50 Personal Volume will go to the TamPogo traditional 8 x 8 virtual matrix. This will build your monthly residual income.

OPTIONAL PARTICIPATION

The TamPogo Tango program is totally optional. There will be two genealogies one for TamPogo and the 8 level Unilevel plan and one for the optional Tango program.

FREQUENTLY ASKED QUESTIONS:

When I make a purchase of one of the \$299 Tango Product Packages, is that's all the money I will ever have to spend out of pocket?

No matter how many times you earn a commission cycle you will NEVER spend any more money out of pocket for product. The only thing you will be charged for shipping.

What happens if I enroll a third, fourth, fifth or sixth person?

The next person you enroll will fill the first empty position in the Tango Bonus Cube under you. The Tango Bonus Cube fills from TOP to BOTTOM and from LEFT to RIGHT.

Can I enroll all SIX people myself and earn \$899?

YES, of course. In fact, this system rewards those individuals that enroll more than two people. Don't forget that the people you personally enroll will FOLLOW YOU to your current Tango Bonus Cube when they cycle and fill one of the empty positions in your current Bonus Cube.

What happens if someone that I've personally sponsored fills their Bonus Cube before will they bypass me?

NO!! If that were to happen that person would RE-ENTER in YOUR Bonus Cube a SECOND time and fill one of the empty positions. You NEVER lose anyone!

How do I qualify to make \$899?

- 1) You MUST be ACTIVE in TamPogo with \$10 volume EVERY month.***
- 2) You MUST purchase one of the Tango \$299 Product Packages.***
- 3) You MUST personally enroll TWO people in Tango.***

Is there any limit to the money (cash) and product packages I can earn?

NO!! Each time your Bonus Cube is filled with 6 sales you earn \$600 Cash and another \$299 Tango Product Package of your choice.

If I decide that I do NOT want to participate in the Tango Bonus Program and some the iReps that I've personally enrolled decide to participate what happens?

Anyone who participates in the optional Tango Bonus Program will connect to their sponsor, if that person also participates. In the event that someone elects not to participate, their personally enrolled iReps would then be connected in the Tango genealogy to the next active iRep in their upline who decided to participate. That would have no effect in the current TamPogo genealogy.

Can I buy more than one Tango product package and build multiple Tango Bonus Cubes?

Yes, you can but we don't recommend that you do. One position has UNLIMITED income.

Assuming that I cycle multiple times – why would I want that much product?

Great Question – the primary reason this program was designed is to allow iReps to afford to GIVE AWAY SAMPLES. History has proven that the BEST way to expose a person to a product is to GIVE THEM A SAMPLE. If you are working this actively, you can never have too much product to help inspire other to join TamPogo and the optional Tango program.

How often will the \$600 CASH CYCLE COMMISSIONS be paid?

The cash cycle commissions will be paid weekly.

Can the Tango Bonus Cube be used in as a FUND RAISER?

YES, of course. However, even though Non-Profits have no purchase requirements to be active in the TamPogo 8 x 8 Virtual Matrix, Tango is an optional bonus program where Tango rules apply to everyone.

How much goes to *Feed My Starving Children* from the Tango Packages?

Every time a Tango Cube fills, \$50 in personal volume is paid to the upline network of the cube leader. That means that \$5 is paid to Feed My Starving Children and FIVE starving children are fed for one whole week.

How many Tango Packages will be available?

There are 60+ packages now and we will add additional as time goes on. Each package has a TamPogo retail value of around \$350-\$400.

Will there be “Spillover”?

That depends on how active your sponsor is and all of the iReps above your sponsor. We DON'T promise anyone spillover.

We welcome any other questions and when received our goal is to expand this FAQ to include all your questions and our answers. So keep the questions coming.

READY. SET. TAMPOGO TANGO!!
